

SYLLABUS REWRITE

In this activity you're going to revise a section of your syllabus. You can choose which section you want to work on: course description, objectives, a specific policy, calendar, etc. Apply what you've been thinking and learning about in *Design Forward*.

Choose the Section: Below share the current state of the section you'll be

working on. If you like, you can print it, cut it out, and glue it below.

Trouble the Section: Before you rewrite, reflect upon your choice.

First, why did you choose

it? How does it make you feel? How well has it worked in the past?

What have you learned in Design Forward

that has prompted you to consider changing it? How would you like it to work for you

and your students in the future? What do you think needs to change to make this section better?

Revise the Section: Rewrite, revamp, reconsider the section below. Feel free to

take this revision in whatever direction makes sense. If you need to completely reconsider the

DESIGN

purpose and structure, go ahead. If you need to make smaller adjustments,

70

that's fine too.
