

PROGRAMMATIC ASSESSMENT

Learn about the steps of this yearly process

What would you like to explore?

Student Learning Outcomes

Define what students should know and be able to do.

1

Create a Curriculum Map and Identify Key Assessments

2

Outline where and how these outcomes will be achieved. Determine the activities that will provide the necessary data.

Complete Part I Assessment Plans

Making a plan for which data your program wants to collect for the academic year.

3

Enter Data into Taskstream

4

Gather the data and enter student evaluations into Taskstream.

Analyze Taskstream Reports and Complete Part II Assessment Plan

Look for trends and insights. Implement positive changes and programmatic improvements.
